EPA Region 8

Jennifer,

1. CDPHE stated in a recent memo that you would provide an updated "Citizens Involvement Plan". Is that true?
2. I just reviewed the Denver POLREP Reports and am concerned about EPA and CDPHE's lack of response to Denver regarding their draft CCR?

"No issues were identified during the reporting period. We are awaiting comments on the draft CCR from EPA and CDPHE and will respond to them in a timely manner."

Pollution Reports (POLREP) contains pertinent new information specified in the Superfund Removal Procedures and Removal Response Reporting.

- **Pollution Report #48 - July 15, 2019**
- **Pollution Report #47 - June 19, 2019**
- **Pollution Report #46 - May 21, 2019**
- **Pollution Report #45 - April 19, 2019**
- **Pollution Report #44 - March 26, 2019**
- **Pollution Report #43 - February 22, 2019**
- **Pollution Report #42 - January 23, 2019**

PR #48 July 2019

"Section II – Response Information

This reporting period extended from June 1 - 30, 2019 during which time the Respondent awaited comments from EPA and CDPHE on the draft Construction Completion Report (CCR), which was submitted to EPA and CDPHE on November 29, 2018.

Section III – Issues, Resolutions, and Planned Activities

No issues were identified during the reporting period. We are awaiting comments on the draft CCR from EPA and CDPHE and will respond to them in a timely manner."

PR#42 January 2019

Section II – Response Information

This reporting period extended from December 1 through 31, 2018 during which time the Respondent awaited comments from EPA and CDPHE on the draft Construction Completion Report (CCR), which was submitted to EPA and CDPHE on November 29, 2018 for review and comment.

Section III – Issues, Resolutions, and Planned Activities

No issues were identified during the reporting period. We are awaiting comments on the draft CCR from EPA and CDPHE and will respond to them in a timely manner.

PR #40 November 2018

Section II – Response Information

This reporting period extended from October 1 through 31, 2018 during which time punch-list items from the Pre-Final Inspection were addressed and an internal draft of the Construction Completion Report (CCR) was prepared.

Section III – Issues, Resolutions, and Planned Activities

No issues were identified during the reporting period. A draft CCR is scheduled to be submitted to EPA later this week for review and comment.

3. Lastly, did you receive the Resolutions that the CAG submitted to EPA? I'm unable to locate any responses from EPA?

Thanks,  
Joan Seeman

No, there aren't summary minutes from June. We plan on starting to take some in September. I believe Bridget taped the whole meeting, so you could get that from her.

Jennifer,  
Are there summary meeting minutes to share the the last EPA meeting in June?

I've learned you have a facilitator now.  
Will they provide meeting summaries for EPA? CDPHE said they would post them.

Thanks,

Hi Joan. That brochure is outdated. Sisay Ashenafi in our office is our TASC Coordinator now: [Ashenafi.sisay@epa.gov](mailto:Ashenafi.sisay@epa.gov). For VB/I-70, we have offered to the CAG information about both the TASC and the TAG resources. Talk with Kim Morse - she may have information for you about that. Meanwhile, here's a link with general info. Feel free to pass along to the CAG if they would like to see it again. They can always contact me with questions.

I will return your call, but I'm travelling and in meetings this week. It may not be until Monday.

Jennifer are you the TASC coordinator for Region 8?

The above document shows you as the contact.

Please send any informative/required documents for the VB/I-70 to me.

Thanks,

Joan Seeman
